Dependent Mean	9.13739	Adj R-Sq	0.0018
Coeff Var	13.55657		

Note: Model is not full rank. Least-squares solutions for the parameters are not unique. Some statistics will be misleading. A reported DF of 0 or B means that the estimate is biased.

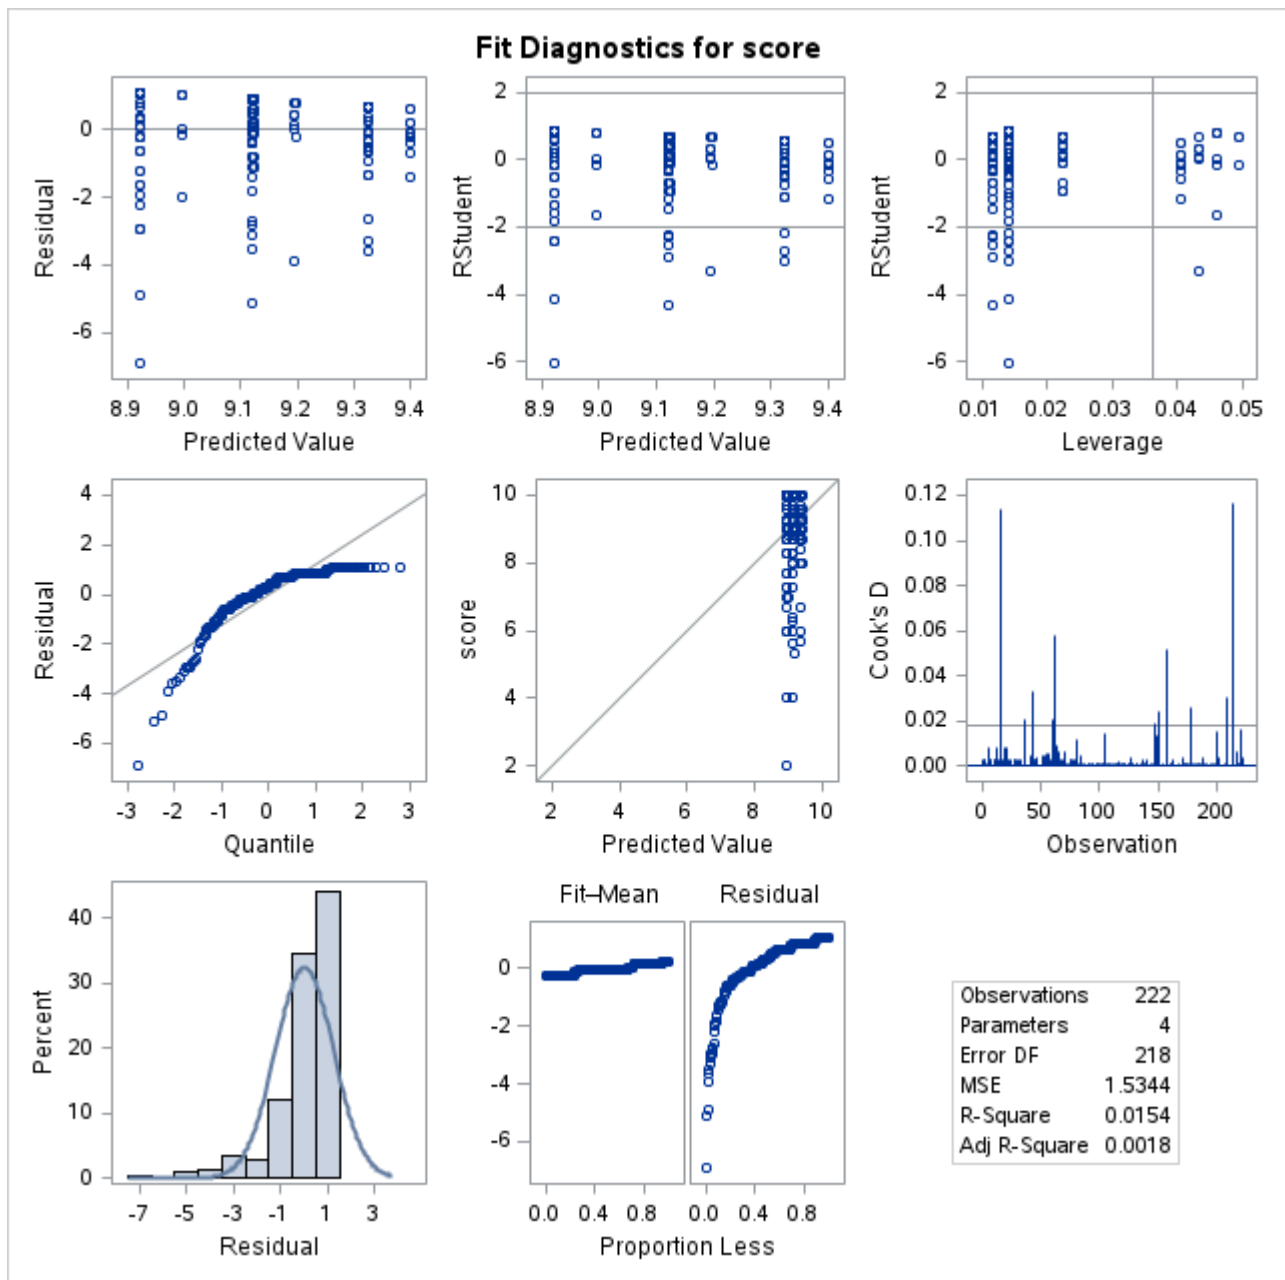

Note: The following parameters have been set to 0, since the variables are a linear combination of other variables as shown.

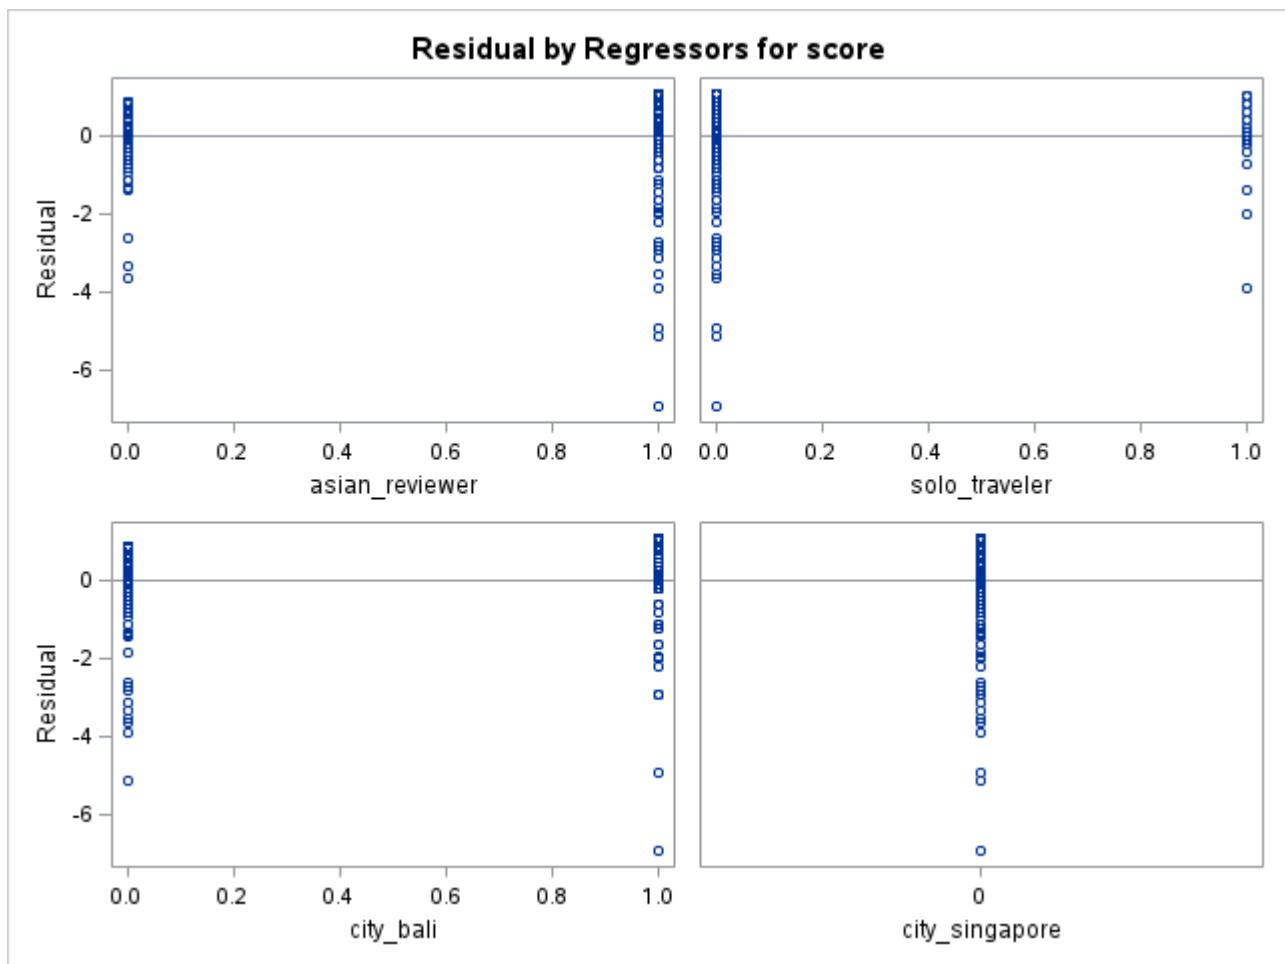

city_singapore =	0
